ii. Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

The Harrisonburg Redevelopment and Housing Authority (HRHA) is continuing its relationship with Hope Community Builders in the upcoming year. With Hope Builders, we are in the process of applying for an Affordable Housing Program Grant from the Federal Home Loan Bank. When received, these monies will be used in the construction of thirteen new homes in the northeast section of Harrisonburg. The building of these new homes continues our commitment to promote home ownership in the city of Harrisonburg.

Another goal is to promote the long-term safety and feasibility of our Public Housing stock. In 2001, we will accomplish this through physical upgrades such as sidewalk repair, landscape maintenance, and replacement of existing gas meters around the Public Housing units.

It is our ideal at the Harrisonburg Redevelopment and Housing Authority not only to provide rental-housing assistance to those in need, but also to promote home ownership. We believe both programs to be an asset, not only to the new tenants and homeowners, but also to the city of Harrisonburg.

Implementation of Community Service Standard

To date, the Harrisonburg Redevelopment and Housing Authority has notified all existing tenants (in writing) and applicants ready to enter into the Public Housing program of the new community service standards, including who is required to do community service, as well as options for completing it. We have also obtained a comprehensive listing of tenants who meet the criteria for exemption from the requirement.

To this point, we have not entered into any agreements with outside agencies to organize the program, or to help tenants fulfill the required number of hours. It is our intention to run the program in-house, under the supervision of the Public Housing manager. It is also our intention to respect a wide range of activities that can be used to fulfill the requirements of the new community service standard. In the future, we will not only monitor to make sure that all requirements are fulfilled, but we will work closely with the Public Housing tenants to find ways to creatively perform the service in ways that are suitable for them, this agency and the requirements of HUD.

Progress in Meeting 5-yr goals:

The Harrisonburg Redevelopment and Housing Authority has made great strides in reaching many of the goals provided in our first 5-yr plan submitted to HUD. Primarily, we have increased the availability of assisted housing through an increased number of vouchers that we are now able to offer. In fact, we now assist over 350 families in the Section 8 program. We also remain concerned with the quality of housing that we are able to offer. To this end, we have attempted to improve our current Public Housing stock by upgrading electrical service and doing landscape work around the units. As is obvious in our updated 5-yr plan, this work is scheduled to continue well into the future. Another goal that we have made strides toward reaching is the deconcentration of poverty by bringing higher income households into extremely low-income developments. We do this by adjusting the preferences on our waiting list. It is our belief that this will increase the long-term desirability of our Public Housing units and help reduce vacancies in the developments. Furthermore, the Harrisonburg Redevelopment and Housing Authority continues to promote our Family Self-Sufficiency program in order to help individuals attain a self-sufficient lifestyle. Of course, in all of our programs we remain dedicated to ensuring that we provide equal opportunity and affirmatively further our fair housing as is indicated in our last goal in the 5-yr plan.

Resident Membership of the PHA Governing Board

Currently, there is no resident member of the Board of Commissioners of the Harrisonburg Redevelopment and Housing Authority. This is due, in large part, because current members of the board need to fulfill their terms. As of November 29, 2000, three positions on the board will expire and we are actively encouraging any interested resident to apply. We are especially hopeful that a member of our Resident Advisory Board will apply for one of the open positions. Any interested applicant will need to fill out an application at City Hall and go through the standard procedures for appointment to the board.

Members of the Resident Advisory Board

Elizabeth Rodriguez (Franklin Heights Representative)
Charlene Jones (Harrison Heights Representative)
Nicole Wheelbarger (Section 8, FSS Representative)

These members of the Resident Advisory Board were appointed by the Executive Director.

DECONCENTRATION POLICY

It is the Harrisonburg Redevelopment and Housing Authority's policy to provide for deconcentration of poverty and encourage income mixing by bringing higher income families into lower income developments and lower income families into higher income developments. Toward this end, we will skip families on the waiting list to reach other families with a lower or higher income. We will accomplish this in a uniform and non-discriminating manner.

The Harrisonburg Redevelopment and Housing Authority will affirmatively market our housing to all eligible income groups. Lower income residents will not be steered toward lower income developments and higher income people will not be steered toward higher income developments.

Prior to the beginning of each fiscal year, we will analyze the income levels of families residing in each of our developments, the income levels of census tracts in which our developments are located, and the income levels of the families on the waiting list. Based on this analysis, we will determine the level of marketing strategies and deconcentration incentives to implement.
